<u>FINAL CHANGES REQUIRED.</u>
<u>High Priority changes</u>

After OTP verification the user is redirected to the sign in page, but 404 not found error is shown… This may be due to renaming it to login.

In the Phone view with hamburger menu, the profile pic option stays when logged out.

<u>Medium Priority Changes</u>

The email and password in the sign up page need to be aligned properly.

Story Display icons should be colored similarly to quest ai icons.
